

FLOOD VICTIMS FUND -
APPEAL FOR ASSISTANCE FOR FLOOD VICTIMS
IN NORTHERN AND WESTERN GHANA

As you may be aware, recent floods across Africa have displaced thousands of our nationals in the Northern, Upper West, Upper East and parts of the Western Regions of Ghana necessitating appeal for assistance from local and international sources.

The High Commission has decided to raise funds as part of on-going efforts to provide relief to people affected by the torrential rains and flooding. The appeal is particularly directed at Ghanaian-Canadians and friends of Ghana who in the past have always responded generously to such needs.

Already, the international community and our compatriots all over the world have responded generously. The Mission is joining in these efforts and urges your Association to mobilise the needed support to help advance this cause.

We should be grateful if this appeal is circulated within the Ghanaian and Canadian communities in your Province and responses forwarded to the Mission by the end of October 2007.

We count on your usual cooperation and kind support.

Thank you.

*Margaret I. Amoakohene, PhD
High Commissioner*

TO ALL GHANAIS AND GHANAIAN-CANADIANS
